

Continuing Education

The Board of Directors of the district recognizes that the general objectives of continuing educational programs shall be the same as those of other levels of education. These general objectives include the preparation of individuals for democratic citizenship, providing individuals with means for economic improvement and cultural development, and the enrichment of the personal lives of all the participating individuals.

The continuing educational programs shall be coordinated through the administrative staff of the school district. The physical facilities of the school district shall be made available for use in these programs when there is no conflict with regular school activities.

Approved: October 19, 1998

Revised: September 29, 2015
