

ICN Room Use Regulation

The ICN is a statewide telecommunications network designed primarily to enhance learning opportunities for students, employees, and board members. The school district recognizes that it is not the only authorized user of the ICN and other users will frequently be using the school district's ICN facilities. Sponsored and authorized users of the ICN must comply with state and federal law in using the ICN.

Entities that wish to use the school district's ICN classroom to originate, receive or broadcast programming must follow the state scheduling requirements. However, it is recommended that entities that wish to use the school district's ICN classroom to originate, receive or broadcast programming contact the school district's ICN scheduler's office to inform them of their needs.

It is the responsibility of the entities that wish to use the school district's ICN classroom to originate, receive or broadcast programming in compliance with the law regarding authorized use of and content of the programming on the ICN. The school district assumes no responsibility or liability for entities using the ICN classroom in violation of the law, the authorized user's mission or school district policy and its supporting administrative regulations. The school district reserves the right to charge all costs, including attorney fees, that may arise to the entity for the entity's failure to comply with the law or school district policy and its supporting administrative regulations.

The school district's technology personnel are responsible for coordinating ICN classroom use. Requests for use of the ICN classroom by employees for the educational program are filed with the Technology Coordinator.

It is the responsibility of the entity using the ICN classroom to comply with the requirements of the law and school district policy and its supporting administrative regulations.
