

Quorum

Action by the board regarding the affairs of the school district may be taken only when a quorum, a majority of the Board members, is in attendance at the Board meeting. While board members are encouraged to attend Board meetings, three (3) members shall constitute a quorum and are a sufficient number to transact business of the school corporation. The adjournment of a meeting may be executed without a quorum. It is the responsibility of each Board member to attend Board meetings.

An affirmative vote of a majority of the votes cast shall be sufficient to pass a motion or take action unless law or board policy requires a vote of a greater number.
